

# Downdraft Table **SDT-2A**

With Filtration and Fume Arm

## Applications:

Welding Fumes  
Grinding Dusts  
Soldering Fumes  
Smoke Extraction

---

Two Exhausts  
- Fume Arms  
- Downdraft Section  
Exhaust Fumes on  
or off Table

# Downdraft Table

Oskar's downdraft table with filtration is designed to exhaust and filter dry impurities. The downdraft table provides the welder with dual exhaust and filtration using the fume arm and downdraft table.

*Internal filtration system*

## SDT-2A Welding Table

3 phase filtration:

- Spark Trap
- Prefilter
- Cartridge filter

Dual exhaust:

- Downdraft with built-in damper
- Fume arm with built-in damper

## Features:

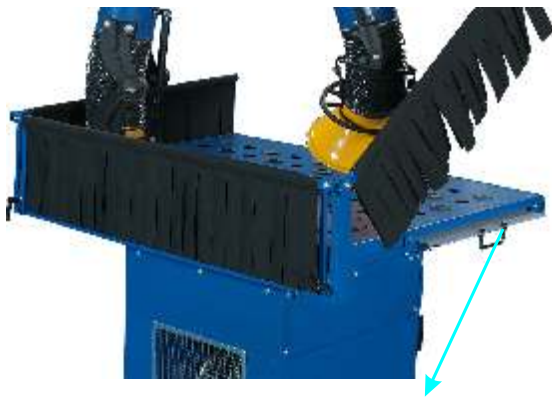

2 arm options:

- 6 in x 7 ft fume arm or
- 6 in x 10 ft fume arm

Dual exhaust

Heavy gauge welded steel

Powder coated

Blast gate allows the extraction from table or arm that can be used interchangeably.

Stainless net

Prefilter

Cartridge filter

Filter drawer

## TECHNICAL DATA

Airflow	1400 CFM
Weight	331 lbs
Motor power supply	120V, 1PH, 60 Hz
Motor power	2 HP TEFC
Noise level	78 dB(A) @ 3 ft
Reach radius	6.5 ft
Arm Options	6 in x 7 ft or 6 in x 10 ft
