

**OSKAR-avani**

**SPC-700X**

## Portable Air Cleaner

### Applications:

Welding Fumes  
Grinding Dust  
Soldering Fumes  
Powders  
VOC Fumes

---

1100 CFM Air Flow  
6" or 8" Fume Arm  
Premier Fume Arm or  
Economy Fume Arm  
3-stage Filtration  
Optional HEPA Filter  
Optional Carbon Filter

Oskar's SPC-700X is a portable and user-friendly fume extracting filtration unit. The SPC-700X is designed to provide the user "Point of Origin" extraction at any working area. The 3-stage filtration system and 1100 CFM makes the SPC-700X a very versatile and efficient portable filtration unit. The entire unit is powder coated steel and comes complete with heavy duty casters, minihelic gauge, power cord and filters.

## 3 Layers of High Efficiency Filtration

### 1 Filter Frame

2 **Stainless Filter** captures up to 95 % of sparks and steels chips down to 1 micron.

3 **Pleated Prefilter** captures 35% of 1-2 micron small particles and absorbs oil to extend the life of the pleated and HEPA filter.

4 **Pleated Filter:** 95% ASHRAE

Spark Arrestor

Carbon Option

Standard Configuration

## TECHNICAL DATA

Airflow (nominal)	1100 CFM
Weight (without arm)	225 lbs
Motor power supply	120V, 1PH, 60 Hz
Motor power	1.5HP TEFC
Dimensions:	
Front	38 inch
Side	30 inch
Height	46 inch
