

Welding Table **SWT-1000**

Applications:

Welding Fumes
Grinding Dusts
Soldering Fumes
Smoke Extraction

Two Exhausts

- Fume Arms
- Downdraft Section

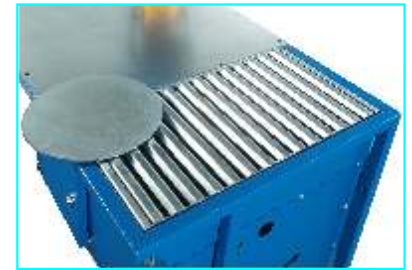

Exhaust Fumes on
or off Table

Revolving Plate

Welding Table

Oskar's welding table with filtration is designed to exhaust and filter dry impurities. The welding table provides the welder with "point of origin" exhaust and filtration using the fume arm and downdraft section.

SWT-1000 Welding Table

2 phase filtration:

- Spark Trap
- Polyester spunbond cartridges

Self cleaning - Reverse Jet Pulse

Manual Pulse Clean

Dual exhaust:

- Downdraft with built-in damper
- Fume arm with built-in damper

Features:

6 in x 7 ft fume arm

Dual exhaust

Heavy gauge welded steel

Powder coated

Zinc coating tabletop

Lazy susan

On/off switch

Optional Light Kit

TECHNICAL DATA

Airflow with arm	850 CFM @ hood
Weight	350 lbs
Motor power supply	120V, 1PH, 60 Hz
Motor power	1.5HP TEFC
Noise level	76 dB(A) @ 3 ft
Reach radius	6.5 ft
Dimensions:	
Front	34 in
Side	50 in
Height (without arm)	34 in
Standard Arm	6 in x 7 ft
